EDUCATION

VIT Bhopal University

Bachelor of Technology in Computer Science and Engineering – CGPA: 8.54/10

Bhopal, India

Sep. 2023 – May 2027

Dr. Virendra Swarup Education Centre

Class XII (ISC) – 89.6%

Kanpur, India

2023

EXPERIENCE

Software Engineer Intern

Jun 2026 – Present

GeekyAnts

Remote

- Engineered a scalable B2B wholesale platform supporting inventory management, product discovery, and bulk-order workflows.
- Built low-latency, real-time communication channels between wholesalers and retailers using Socket.io.
- Designed secure, role-based REST APIs with JWT authentication for administrators, vendors, and retailers.

PROJECTS

Agile Task Manager | React, Node.js, PostgreSQL, Socket.io

Jul 2026

- Built an AI-powered collaborative workspace featuring real-time Kanban boards, drag-and-drop workflows, optimistic updates, and intelligent task decomposition.
- Designed a hybrid PostgreSQL–MongoDB architecture to efficiently manage relational workspace data, activity logs, and event-driven workflows.
- Engineered sub-100 ms WebSocket synchronization using Socket.io to support real-time collaboration, activity tracking, and instant state propagation.

TaskGenie: Hyper-Local Service Marketplace | React, Node.js, PostgreSQL, OAuth

Dec 2025

- Built a production-ready service marketplace with booking, scheduling, payments, and provider management workflows.
- Developed location-based matching APIs and optimized PostgreSQL performance through indexing and schema design.
- Integrated Razorpay payments with HMAC-SHA256 webhook validation and automated workflows for refunds and provider payouts.

Companion: AI-Powered Dementia Care Assistant | Flutter, LangChain, SQLite

Aug 2025

- Developed a multilingual AI assistant that manages reminders, memory retrieval, emergency alerts, and conversational support.
- Implemented intent classification and context-aware conversations using LangChain for accurate routing of user requests.
- Built safety features including fall detection, SOS alerts, GPS location sharing, and caregiver notifications.

TECHNICAL SKILLS

Languages: Java, JavaScript, Python, SQL

Frameworks & Technologies: React, Flutter, Node.js, Express.js, Socket.io, Zustand

Databases: PostgreSQL, MongoDB, Firebase, NeonDB

Cloud & Tools: AWS (EC2, S3, Lambda, IAM, VPC, CloudWatch), Git, GitHub Actions

CERTIFICATIONS

AWS Certified Cloud Practitioner — Amazon Web Services

MongoDB Associate Developer — MongoDB

LEADERSHIP & ACTIVITIES

Core Member

Dec 2024 – Jul 2025

Google Developers Group (GDG)

Bhopal, India

- Conducted 5+ AI/ML and web development workshops for 50+ students.
- Developed REST APIs for a women's wellness platform and published an article on agentic AI.
